

THE ULTIMATE IMPACT REDUCING TREADMILL

The Boost Treadmill with Woodway 4front is an unrivaled impact reducing solution for your performance and rehabilitation needs. At Boost, we make the highest quality impact reducing treadmills in the world - our products are designed to meet the impact reduction requirements of a variety of users. Our customers include professional sports teams, rehab clinics, hospitals, senior nursing facilities and private individuals.

WHY IMPACT REDUCING TREADMILLS?

Air Pressure alleviates impact, creating an environment for longer, safer and more sustained, lower body movement.

- Improved joint mobility
- Delay progression of osteoarthritis
- Reduced risk of re-injury
- Overspeed training
